Re: Facility ID # **01-0268**
Permit Number: **968844P**

Dear Ms. Bolden or responsible official:

The Knoxville Division of Air Pollution Control is completing file reviews in an effort to ensure all required permits have been obtained and are not beyond their expiration date. During our review, it has come to our attention that construction permit number **968844P** is due to expire on **August 18, 2015**.

If this source has begun operations, please ensure all conditions of your construction permit have been met. This includes the submittal of an operating permit application, and startup certification if required. However, if startup has not occurred, it may be necessary to apply for a request to extend the expiration date.

Application form CN-0730 (APC 100) is located at (**http://www.tn.gov/environment/permits/airoper.shtml).** You now have the option of submitting your application via email to Air.Pollution.Control@tn.gov. The submittals must be signed and in PDF format.

However, if you prefer to mail your applications, please note that our Nashville office recently moved to

WILLIAM R. SNODGRASS TN TOWER
312 ROSA L. PARKS AVENUE, 15TH FLOOR
NASHVILLE, TN 37243

Should you have any questions, feel free to contact me at (865) 594-6035 or Martie.Carpenter@tn.gov. If the application process has already begun, please disregard this letter.

Sincerely,

Martie L. Carpenter
Manager
Tennessee Division of Air Pollution Control
